Progress/achievements since last meeting	Iteration Two has been started and completed. Iteration Two point five has been started.
Tasks not completed as planned	Halfway Report
Barriers to progress	Fitting the template
Possible solutions to barriers	Keep making attempts and get feedback from Peter
Areas of satisfaction	Stopping and taking a breather from the project, taking a look at what has been done and correcting anything to make sure quality is good
Areas of concern	
Status	<ol style="list-style-type: none"><li>1. Abandoned</li><li>2. Not started</li><li>3. Behind schedule, unlikely to be completed as planned</li><li>4. Behind schedule but achievable</li><li>5. On track and continuing as planned</li><li>6. Completed</li></ol>
General reflections	Having struggles with the Halfway Report in the template as I do not feel a lot of the halfway report sections are needed due to the lack of changes between Project Proposal and Halfway Report time
Actions for next meeting	Completed submission of Halfway report
