BCIS309 Work Integrated Learning Project

Semester Two 2023

Assessment Three Project Portfolio

Due: There are multiple submissions dates but must be completed before the course end date of Friday December 1st, or 28th June 2024 for full year occurrence.

This assessment is worth 70% of the total marks for this course and there is a requirement of at least a 50% mark to pass this assessment.

Submissions received late (without prior agreement and/or negotiated extension) will be subject to a penalty of 10% of the student's mark per working day.

Ara and its faculty members reserve the right to use electronic means to detect and help prevent plagiarism. Students agree that when submitting this assignment, it may be subject to submission for textual similarity review to Turnitin.com.

Aims

The aim of this assessment is for you to create a digital portfolio of the industry and academic deliverables you have worked on during this project. This digital portfolio will form the basis for 70% of your final assessment results for this paper.

Specifically, this assessment covers these objectives:

- Evaluate and apply professional practice in terms of ethics, risk, quality assurance, sustainability, communication, compliance and the Treaty of Waitangi.
- 2 Evaluate, synthesise, adapt and utilise knowledge to plan, manage and complete a project.

Submissions

Draft Submissions

Draft submissions are encouraged for formative feedback on the areas you will be including in your deliverables.

You should seek feedback from your Academic Supervisor and Industry Supervisor/Client during the creation of your portfolio.

You will be expected to make any improvements advised before compiling your final submissions.

Final Submissions

The deliverables must be of a professional business standard with current APA 7 Referencing and Styles applied and uploaded to the relevant Moodle dropbox on or before the specified due dates.

Marking guides

The deliverables are marked according to the panel marking rubric.
