Weekly Progress Report for Week 12 starting: 23rd October 2023

Total Industry Hours this week:	20	Hours
Total Academic Hours this week:	10	Hours
Total Industry plus Academic Hours this week:	30	Hours
Total Industry Hours to date:	**229**	**Hours**
Total Industry plus Academic Hours to date:	**335**	**Hours**

Supervisor: **Peter Edge**
Scheduled meeting: **26th October 2023, 10am**

Progress/achievements since last meeting	Starting iteration 2.5
Tasks not completed as planned	Halfway Report
Barriers to progress	Head cold
Possible solutions to barriers	Complete the remaining work of the halfway report to get feedback
Areas of satisfaction	n/a
Areas of concern	Learning of PowerApps for what I need to do has proven hard, though there is examples of what other people have done (i.e. a desk reservation system) attempting to apply it to what I need to do has proven hard.
Status	1. Abandoned 2. Not started 3. Behind schedule, unlikely to be completed as planned 4. Behind schedule but achievable 5. On track and continuing as planned 6. Completed
General reflections	Due to having a head cold during most of the week I was only able the get minimal amounts of work done on the project, both industry and academic side
Actions for next meeting	Completed submission of Halfway report
